

New Anointings Comes With A Crown

May 2, 2021

Hello brothers and sisters and Heartdwellers Family. May you all be blessed.

This past Sunday we had our community worship prayer service where we gather together to break bread, fellowship, share rhemas and worship together. Mother Clare always allows Holy Spirit to choose the playlist each Sunday, and the last song the Lord picked for us was Heavenly. I found myself full of such peace, eyes closed and my body so relaxed. Then I began to feel a tingling sensation on the crown of my head. This has happened before in the past many times and it always signifies that I am being given some type of gift in the spirit; a mantle, or a crown. Then I thought, "Wait, a crown always means a fiery trial and He is giving me the crown now to encourage me that I will get through it and obtain a crown through the test". Of course, this brought anxiety, then I heard the Lord say softly in my heart, "New anointings are coming".

As I sighed in relief, still with my eyes closed and the sensation still upon my head...then Jesus opened my eyes in the spirit, and I saw what looked like a man in the corner of Mother Clare's room, but I knew he was an Angel. He was in all white holding a tall, huge flask of golden oil. He went around the room and began pouring the oil on the head of each person there at the service. As I opened my eyes everyone was still in a state of worship with their eyes closed and relaxed. I closed my eyes again, but the eyes of my heart were still open. I then saw the angel pouring the oil on each person not physically, but in the spirit and everyone looked different.

I saw the spirit of everyone in the room and they were all kings and queens with one knee bowed to the ground and their heads bowed low as the oil was being poured on their heads. Each person had a different mantle in the room, it was very colorful. One of my brothers had a golden mantle, another blue, then green, and another had black and gold. The ladies' mantle consisted of fuchsia, purple, and red. I didn't see what I had on, but I now realized the sensation on my head was oil being poured over me. The new anointing Jesus was giving us.

When I came out of the vision, I shared it with the community, and everyone was greatly encouraged and inspired. As we were all excited to receive such a wonderful gift from the Lord, anticipating what these new anointing could be. Once I got home that evening, I pulled the rhema "The anointing I gave you still remains in You". I thought to myself 'Wow, Lord such a confirmation of what I saw in that vision'. It really was the Lord.

The following morning in prayer I sat before Jesus in the Holy Eucharist and just worshiped him. Thanksgiving and praise were overflowing from my heart and I had the most wonderful time in his presence. The past week he has been giving me so much inspiration for many things he wants me to do which are exciting, as I wonder "Lord, I am not capable of these things", but I trust He will do it through me.

I began to feel the same sensation on my head, wondering if this was again another anointing. But this time I strongly sensed it was a crown Jesus was giving me. I thought to myself, "Nooooo (laughing) not a trial, Lord". A trial with a crown is not just any trial, it is very difficult, and the fire is hot. Just as I was having these thoughts in my mind, he played the song "All to Thee", which talked about casting all our crowns at his feet for him to get all the glory which confirmed it was a crown that Jesus gave me. I sighed asking the Lord to give me the strength for the trial coming.

Many thoughts were coming to my mind at that time and I knew that Jesus wanted to speak to me, so I stopped and came before him saying,

"Good morning Lord, my love, I have missed you. I know you're very present, but I have had such a longing for you Jesus. Thank you for all you're doing, the inspirations you have been giving me. I am blown away and feel very incapable of doing it all. Thank you most of all for your love that encourages me greatly. I believe you gave me another crown today Lord, which means a trial is coming. Oh Lord, help me".

Jesus responded,

"Remember it is all for my glory, my very little one. When you keep your heart fixed on Heaven and your eyes on Me, you then will graciously take the crowns I give to you now, that you will be crowned with in Heaven once you arrive. A crown always precedes new anointing. Didn't I tell you new anointings were coming?"

"Yes, Lord you did".

"Well, that comes with a cost, my beloved one. It is in the pressing and the crushing of the olives that the oil is retrieved, and that goes the same for souls. It is in the anointing that breaks the yoke, **(Isaiah 10:27)** and if you want to walk in greater anointing and power for My glory it comes with many trials and test in which you will be crowned. I now want to talk to my faithful ones. My beloved brides, restoration is on its way, but you still will have various tests and trials coming.

Today I have not given just this little one a crown, but you all have received crowns in the spirit, indicating the new anointing that I will give you at the end of this trial. You see my Heartdwellers, many of you are called to be kings and queens in Heaven. For you have been faithful with the little and in Heaven you will be given authority over much because you have endured with Me, persevered with Me, and died with Me here on earth.

As an aside he is referring to Revelation 20:4. The first sentence of the scripture states, I saw thrones on which were seated those who had been given authority to judge.

At this point I began to think, "How is it possible to wear more than one crown, like it says of the twenty-four elders who cast their crowns down at Jesus feet?" Revelations 4:10, The twenty-four elders fall down before him who sits on the throne and worship him who lives for ever and ever. They lay their crowns before the throne...

I know this may be a dumb thought, but I was thinking, "We have only one head, how is it possible to wear or have many crowns? Will we wear several crown on top of one another?" As I was saying that in my heart, I then saw a vision of a table and it had various crowns on it. Some golden, plain, others jeweled, others full of crystals, but they were in variations and sizes and I knew it was for one person. Then the thought came to my mind, "It is just like a king who has robes and crowns for different audiences at

different times to indicate different occasions. So, will we have different crowns to indicate different occasions in Heaven".

I even thought of Blessed Mother, she is the Queen of Heaven and in all her apparitions she always wears a different crown and robe each time. Which is meant to be uniquely significant to the culture, the area and to the person she appears too. She too, has many, many crowns, then I understood.

Jesus continued,

"Only in Heaven will you see the many crowns you have acquired. Some on earth only tarry for one crown while I call many of my faithful ones to many crowns. I leave it to their will, to persevere through every trial I allow. Some are lazy and give into their flesh so their crowns are given to another who will persevere and finish the race. That is all of you my beloved brides and Heartdwellers. You have been predestined for this because I foresaw the future and knew that each of you loved me very much amidst your weakness and would persevere until the end. I come to encourage you, please do not be shaken by what I permit in this trial but know that it is for your good, very good for you, and I always bring consolation after a suffering and that is the new anointing coming your way.

The highest crown in Heaven is that of martyrdom and you my beloved brides are called to a life of martyrdom. Some of you will quite literally be called to give your lives to me in a physical death at the end, but many of you are called to a life of white martyrdom. Dying to yourself daily, dying that I may live fully in you. That comes with loving kisses from my cross, to share in my sufferings although at times it feels like crushing blows. They are all one and the same because they are from Me. I don't want you to live for the things of this life any longer, but keep your eyes fixed on Heaven, that is your true home. Although, the world sees you as insignificant; your life seemingly ordinary, no recognition, and you find yourself continuously wearing my crown of suffering, enduring scorn and contempt, you are baring copious fruit. That is a life laid down, martyred for love of Me as you die to yourself in the trials I send, I arise in you.

My beloved brides no longer fear suffering or trials. They will continue until I come to take you in glory, but the more the trials you face and endure through, the greater your anointing will be to bring many souls to Me. With new anointing comes new supernatural gifts I love to give my bride to bring healing and deliverance to a dark and hopeless world. So today I crown you with faith and courage to endure in this coming trial. That one day very soon, I will raise up before all Heaven to hand you a scepter and a throne to share in My glory because you have shared in my sufferings."

That was the end of Jesus message.

What a beautiful Message from Jesus. After receiving this message yesterday morning, I told Mother Clare about it and in the evening she pulled a rhema that said, "All praise be Yours, my Lord. Through those who grant pardon for love of You, Through those who

endure sickness and trial. Happy those who endure in peace; By You, Most High they will be crowned". Wow, another wonderful confirmation.

I then became curious about the crowns we are called to receive and felt inspired to look up in scripture the different crowns:

Proverbs 4:9- You receive, The Crown of Beauty.

Revelations 2:10- You receive, The Crown of Life

1 Peter 5:4- You receive, The Crown of Glory

2 Timothy 4:8 - You receive, The Crown of Righteousness

1 Corinthians 9:24-25- You receive, The Incorruptible Crown

1 Thessalonians 2:19- The Crown of rejoicing

I am pretty sure there are many more crowns that don't appear in scripture, but we will know once we get to Heaven. I wouldn't be honest If I didn't say I became a little anxious concerning what this trial maybe. I had told my intercessors that the 21st, 22nd, and 23rd of each month are when the witches release curses and especially for this month leading up to May 1st., which is the Feast of Beltane, the highest Satanic feast day besides

Halloween. Jesus gave us a message about that last year if you remember and had us praying a Novena to St. Therese to combat the assignments the enemy had released that month. So, forewarned is to be forearmed these next two weeks as we trust the Lord, his mercy, and submit to the cross that he gives us to carry knowing that it is all about souls.

It already started the following morning in the community when our only vehicle broke down an hour away with all the groceries in it and Father Ezekiel was reeling in pain all morning and afternoon. It was a difficult day for all of us in the community, but we thank God he ended our day in peace.

Jesus speaks on white martyrdom, but if you would like more understanding on that subject listen to the message "Your Lives Have Not Been Wasted", a message given to Mother Clare where he went in-depth concerning that. And If I may say, I remember that message and it gave me so much encouragement in my walk because I had been walking with Jesus for a while and felt like I had no fruit and nothing significant had happened in my life, so I felt I wasn't doing anything significant for Jesus. Boy was I

wrong. I believe this will encourage many of you so please listen to it. I will provide the link below.

I want to continue to thank all those who continue to donate to the City of God mission. Thank you so much for your faithfulness, your words of encouragement and prayers.

May God continue to richly bless you. I ask everyone to please follow us on Rumble if you haven't already. We had a Vimeo channel, but it was removed because of messages about President Trump and Black Lives Matter.

The enemy is really doing everything he can to hide the truth about what is really going on and using weak souls to do it. Please pray for this channel and subscribe to Rumble, if you haven't already, if this channel is removed.

God bless you family until the next message.

Rapture Held Back

May 3, 2021

My precious family of Heart Dwellers.
May the Lord sustain us and may we look only to Him for all of our needs.

Yesterday one of our core group members got a random message from our website HeartDwellers.org that said the Rapture had been delayed. It troubled me very much, so I went to our web site and clicked on the random message pool...and what did I get from more than 1,400 messages? The Rapture has been delayed. It took me a while to catch my breath and consider what this could mean for us and when I came back to my senses I exclaimed, "Lord!!!"

Jesus began immediately, *"I am here for you. I know the disappointment you feel, and I have already made provision for it. Springtime will be a source of Joy for all. I know how you feel and how tired you are, can I not restore you?? So that you can move forward...and keep moving forward. Actually, it is a really good thing because you will truly fulfill your calling if you are willing and the last years of your life will be more productive than the first. That is because I am empowering you, and because of this it will not be the same.*

Lord why the delay?

"Why the delay?" you ask? Because you prayed for your president and had his back. You did not slack off, you did not cave into oppression, rather you continued to offer your prayers and yourself for him. Now comes the reward. And of course, He is talking about all of us who have been praying behind the President. "You are not alone in this deep bone fatigue. My

whole Body is feeling it and that is why a supernatural empowering from My Spirit is coming.

"I could not have told you this much sooner, because this just came from the Father. It is His prerogative to delay or go forward with the Rapture. It is His decision, and I am telling you now. I knew that when you got wind of this you would not want to believe it. I know the depth of your fatigue, in all areas, but I have a gift for you, a gift the enemy cannot thwart.

" I will ask you to continue in spiritual warfare and put aside your sloth in this area and your aversion. As your enemies read this, they will think they have a golden opportunity to bring you totally down. But this I will not allow and what they sow against you, they shall reap. So be warned those of you who hate this vessel, what you speak against her shall be your own undoing.

"I am reversing the tide of suffering you have been swimming against, Clare. Rather you shall swim in the current of My grace and empowering. Your destiny shall not be thwarted, it shall come forward shining like the dawn. This message is for all Heart Dwellers who have given the substance of their lives for the good change that is soon to overtake the world.

"Many of you have had time to reflect on the things you didn't get done, on the vices you still have, on the things you avoided, this is your chance to correct these faults and grow in holiness. The world is about to change, the atmosphere is about to change, and all I can tell you is that things will not be so exceedingly difficult, for the veil of oppression will lift and you will feel it. You will be walking in the graces your laboring prayers have released.

"The possibilities are endless for those who correspond to the graces which are coming. To those who do not you might as well roll over and pull the covers over your head and go back to sleep. This season is not for sleeping, it is for completing My will on earth. Yes, you are still in the season of the Rapture, those of you were born in 1948 are the generation that will see the

completion of prophecies that have been written in the ancient past about Israel.

So that means 80 to 120 years from 1948, Lord?

"No, I do not count 120 as a generation, that was not the case in the day when I spoke this to prophecy. Many now, live to be in their 90's. But please do not stress over this, I am going to take particularly good care of you, My Brides. Empowerment is coming, joy is coming, new life is coming. Please trust Me in this, it is a release of grace that will change everything that is willing to be changed. And this is interesting, because I have been getting Rhema cards from my Rhema card box that say, "I'm going to give you new life", "I'm bringing you new life".

I have been fairly consistent for a few days, almost a week, and I made me wonder if really if possibly the Rapture might, for some reason, be delayed. And as far as the time frames, He's not spoken to me about it but one of the core group here was familiar, more familiar with the prophecies the Lord gave me in 2016 and 2017 called my attention to the fact that the Lord had told me that we had five years, and when things started getting really bad, and He was telling us that the Rapture was on the horizon and that we had to pray to save our country, it really interrupted that five years, and it really concerned me because it moved the Rapture closer to now. There was a reason for it, and I will go into that here as I continue to tell you what He had to say.

"You have labored for Me, now comes a reward so you can continue laboring but even on a higher level than before. Take heart, precious ones, grace is coming and will overtake you.

You are My Beloved. I genuinely want you to go forward now. Do not waste any time. Help Me to bring My Kingdom in. You have an integral part in what I want to do. But you have been heavily oppressed and downtrodden. Now I am lifting the curse so that you can receive the new life I am giving you. And here He is speaking to the tired Body of Christ.

"I'm not done with you yet, contrary to what the enemy has been planting in your mind. This change in plans brings with it a whole lot of new hope, empowerment, and action.

Lord, forgive me for questioning, but I do not understand ...or do I...why others in the Body have been saying a wonderful time is coming...and now it seems that it will be so.

"Dearest, have I not explained this to you before? If everyone thought that it be wonderful, who would be praying? I have used My messages to light a fire in the hearts of those who care, and they have prayed. I have told all in My Body that success depended upon prayer, I have said, "Your country is in your praying hands." and if there is enough prayer, things will go well, if not, the end approaches." This statement of Mine has brought home to My people that truly, your nation was on the precipice and only your prayers and fasting could reverse the direction.

"I have stated this over and over and over again, and all of you have responded over and over and over again. Thus, your country stands, and so does the world, by the way. The horrors of an adrenochrome society go beyond insanity. Satan himself has embodied this practice and seared men's consciences shut as they consented in order to gain promotion and power. Truly, it is not to be believed without extremely hard evidence and such evidence abounds.

"Do you know that the suffering and blood of these victims has been a vicious martyrdom that the Father has received on behalf of fallen and degenerate mankind? This is very much like the slaughter of the innocent that Herod ordered. The death of those innocent children was received in Heaven as the blood of the martyrs. All things have a purpose, Clare, and in Heaven you will rejoice to see these little ones restored and joyful, without any remembrance of the horrors of their death. I miss nothing of your sacrifices, be they ever so tiny, they are noted and appreciated.

"Contend for the faith, My dear ones. Contend to move forward in greater and greater faith. Do not let the gloom and doom cast over you have a

*resting place. Let My sunshine joyously melts it all away. I am excited about
Our future, and there is much for Us to do together."*

I Will Confound Your Naysayers

May 6, 2021

Hello, brothers and sisters and Heartdwellers family. May you all receive grace for perseverance and faith as we praise the Lord for the things, He is doing that we cannot see.

I hope you all are enjoying the messages from Daddy Speaking Series. I know it has even blessed me as I have been able to revisit those words and found myself identifying with each soul he was talking to. Since I have been working on this series, amongst other things these past couple of days, I had not really sought the Lord for a message.

We have also been preparing for the ordination for our first Heartdwellers Ghana priest which has been exciting. The Lord put it on my heart for us to do a Novena to Our Lady of Africa for the intentions and preparation of our priest. With a novena, comes novena weather, which is suffering and sacrifice to back up our prayers for the nine days. And I was feeling it on the 5th day.

Father Ezekiel had been suffering all this week, which is leading up to May 1st, the Feast of Beltane, the second-highest Satanic feast day. That night he was feeling so weary and had no strength to suffer anymore or go on. So, we were praying for him fervently, and that evening I had a dream where I was talking to Mother Clare. I was sharing with her some rhema's I received, which I thought meant one thing, but she then turned to me and said, "These rhema's are about attacks against the faith".

Then, when I woke up the following morning, I was feeling so empty; and thoughts from the enemy were bombarding me that, "Nothing has changed" and, "Nothing will ever change". I was having deep feelings of loneliness, rejection, doubts, and feelings of wanting to give up. I realized these feelings had been building up for days as I was being reminded of past wounds.

I was struggling to have hope and faith in anything the Lord had promised. I ran to him during prayer hoping he would pull me out of my pit. And after holy communion, I felt strengthened but still had feelings of melancholy. So, I offered it up to the Lord and asked Blessed Mother to please help me have a heart and a spirit of gratitude instead of complaining.

After prayer, I got some rhema's and the first one read, "In a pillar of cloud I speak to you, and you hear My commandments; for I am gracious to you",

The second said, "I chose you, the most broken and sin-sick priest, in order to fill your poverty with My gifts, and to display My power in your weakness". Interesting, and a little bit of an ouch.

And the last rhema said, "What does it matter to me what people say about me? I have long ago given up everything that concerns my person. My name is host--or sacrifice. Not in words, but in deeds, in emptying of myself and becoming like you on the cross. O Good Jesus my master!" And that is from St. Faustina.

I immediately thought "That maybe the reason I am feeling arrows of rejection, because I'm being talked about again". And this time I felt it wasn't the demons. But it could be my loved ones or friends from my past. I had received Psalm 55 as a rhema a couple of days earlier and that is about David being betrayed by a close friend. I realized that maybe Jesus wanted to talk with me. So, I sat down to hear from him and get a message.

When I sat back down before him in the Eucharist I heard, "I will confound your naysayers". I said, "I am here Lord,"

Jesus began,

"I will confound your naysayers, my beloved one. I know this has been a tough journey for you and many of my brides. You all are weary on the battlefield with various temptations to give up, and no longer believe in my promises or the words I have spoken to you. You are not the only one feeling hopeless and weary from this battle. Many arrows and assignments have been released on my body in this hour with strong temptations to give up. Why are they attacking so hard? Because it is always the darkest before the dawn. Breakthrough is coming. And I know many of you have heard that time and time again and waited to see things not move as fast as you desired. But breakthrough is indeed coming, and right around the corner. Mark my words, beloved one, this summer will be one of celebration and dancing as I confound your naysayers.

Many of you have been scorned by loved ones concerning the vaccine, and of the truth of what really happened during the election. As they mocked you and all my prophets, spewing lies and defaming My character on top of it.

To turn this country back into the hands of the rightful president will take time, my beloved ones. But a big event is coming where truth will be revealed to the masses as the present administration's motives and secret operations begin to be uncovered, slowly but surely, for the mess that it is".

As an aside here, I wanted to share a dream one of our intercessors had. She saw a house with a huge tarp covering it. On the outside, it seemed massive and very nicely architected. However, the tarp, all of sudden, began to slip off slowly and uncovered what a mess it was. Unfinished, with rubble, amongst other things. After the dream, she immediately felt a quickening from the Holy Spirit that it was about Biden's administration; that on the outside it seemed nice, but it would be soon uncovered for what it really is."

Jesus continued.

"So be patient with Me, my beloved ones. My timing is always perfect, and there are so many factors that play into an overturn of your government. So, many will be affected, as I mentioned. There will be casualties. These souls

are my children too, and I grieve over their decisions and grieve over every loss that will take place. That is why many of you continue to carry heavy crosses. It is for your nation as it continues to hang in the balance. Your prayers are the deciding factors for many souls awakening to the truth, and souls perishing. Please fight with Me a little longer on the battlefield. You cannot see from your vantage point, but we are winning, and we will be victorious.

To you, my little one, please trust Me with every promise, even with this community. It is my work, and I will bring it to fruition despite the scoffers and the criticism. Many times, I close your ears to knowing of what others say about you, and at times I permit the fiery arrows to hit you and you feel it so keenly. So, when you feel a sense of hopelessness, discouragement, and rejection from nowhere, many times you are under attack by the words of men whom you do not know of.

That is the safest place to be, so you don't cast judgment. Forgive them, beloved, they know not what they do or say. They don't realize how it is impacting you and how I will use it all for My glory. The rhema I gave you today was rightly so. You are my most sin-sick priest and broken one. But it is because of your poverty and trust in Me that I will use you to do great things and confound the wise. Continue to stay faithful; praise Me, trust Me, and be expectant for what I am about to do.

I love you; I love you, I love, you. I love you all, my brides. Persevere with me on this battlefield and I will confound all your naysayers."

That was the end of Jesus' message.

Humility Nourishes Unity

May 7, 2021

The Lord bless you, Heart Dwellers, with His very real peace this day.

I have to say I am gaining understanding in all that we have been through together since the elections, and I am feeling the breeze of new life blowing on our little garden. I am grateful for the time I have had to look at what still remains to be done, since the Lord brought us to the very precipice - and yet that's night quite accurate, the condition of the world brought us to the very precipice, and I am eternally grateful for the Father's mercy.

My heart was a bit unsteady because yesterday I had received Rhema's on Unity and living in brotherly accord. I made note of that, but could not see its application so I asked Him, "Lord, what is on Your Heart tonight?"

He began,

"My dearest, it is unity and the bond of brotherly love between brothers and sisters. Nothing pleases Me more than to see My children looking out for one another, honest, humble, serving and encouraging."

"When you open yourself up to the world, that is to say, your flaws, your struggles, inadequacies, the world chastises, alienates and rejects you. Not so in Heaven. In Heaven all is transparent and love has completely washed away fault finding, rejection and one up-man-ship."

"In Heaven when failures have happened, all rush to comfort and reinforce the soul's value. In the secular world that transparency is often taken as an opportunity to make others feel worse by touting a certain attitude of flawlessness. This hurts Me to no end, He continued, "because I do not

condemn those who have confessed their weaknesses, I rush to their side to help them rise up and try again.

"Do you remember when you visited the Carmelite monastery in Heaven? You were seated at the long table with all the sisters and me. When St. Faustina entered you became first jealous, then ashamed of your jealousy. And what did she do? She rushed to your side with teary eyes and made you feel so much better by telling you of her own faults and shortcomings on earth. All the other sisters agreed, and soon your peace was restored, along with joy for having the opportunity to know such souls and to be loved by them.

"My children, you are not of the world, you are not to display the behavior of the world, or the world's reactions to the weaknesses of your brothers and sisters. When one hurts because of their failure, you are not to lord it over them with your exclamations that you do not make such mistakes. This is the sign of weak character and the patterns of behavior you learned in the world. And further, it is not becoming of My Bride, in the least.

""Rather, I want you to do as I would do. Rush to comfort them and be honest about your own failings. In this way you are cementing the bond of brotherly love and not wishing to elevate yourself over another which brings about division. The confession of your faults is both honest and loving and encourages the whole community to love one another unconditionally. even as it is in Heaven. When?

"If you have sincerely left the world behind and have come away with Me to the deserted place, you will have no need of posturing or strengthening your image in the eyes of others. Rather you will recognize a breach of brotherly love and humility and feel deeply convicted.

"When these things happen and you feel the need to prove yourself wiser, stronger, and more endowed than others, you are bringing with you the alienation of the world that causes division, conflict and downfall. If this community is to be as a little Heaven on Earth, each of you must hold one another in the highest regard and yourselves in the lowest. This was the

posture of My Mother. She genuinely saw all others as better than herself. Why? Because she was aware of the privilege, she received in being born into a holy and devout family, thereby safeguarding her from the toxic attitudes of the world.

She reasoned in her heart and mind that it was by Divine Grace that she was kept and if not for that she would be no better than the worst examples in her village. She saw her nothingness and was deeply humbled by the immense privilege granted her by God alone. She guarded this with the utmost care knowing that to lose this grace was paramount to sin.

"Because of her penetrating self-knowledge and humility, she looked upon others as more perfect than herself and thereby safeguarded the treasure her Heavenly Father entrusted her with. I wish for all of you to have this kind of humility. Always see one another as better than yourselves. Contemplate the goodness in another and recognize your very real and honest lack in the area where they excel. This will keep you falling from grace and build a firm foundation of humility which I will use to increase the virtues and gifts in your lives.

""When you seek to elevate and set yourself apart from others as being better, when you take on competitive posturing, I must take the time to bring you into a state of the painful reality, the state of your true condition. I prefer you to discover this on your own and come to Me for healing, rather than I having to acquaint you with your very real frailties and failings.

"So, go now and build one another up. Come to the rescue of those hurting souls around you. Do not give place to the petty and toxic dynamics you left the world to get rid of. Rather embrace the humility of My Mother who in truth made herself littler in her own eyes than any other creature on earth. To the glory of My Father in Heaven. Amen."

Letter To A Rich Young Ruler

May 7, 2021

The Sweetness of Jesus be with you, dear Heart Dwellers.

Recently, Ezekiel and I have become aware of a rich young ruler who is lost and confused about his purpose in life. He was once a Heart Dweller but was convinced by others that he was deceived in following the teachings Jesus has given us, even though they are backed by Scripture. I have to admit this is a radical life of self-denial and faithfulness to the Gospel, and not everyone can live this life.

He has had more than a year to test the fruit of the life that others led him into. Now he is lost and confused because things are not going the way he expected. My heart is deeply grieved for him, so I pray. This is the letter I felt in my heart, that Jesus had for him. It begins with a Scripture from Proverbs 25:

25 There is a way that seems right to a man, but its end is the way death.
Proverbs 16:25

Dear one, we can know the Bible by heart, recite every scripture flawlessly, and still not have a real relationship with Jesus. So how can we serve a God we cannot see or hear? Jesus promises us He will reveal Himself to us, He will speak to us and guide us in every right way. Some people do not take the Scripture seriously, they do not believe Jesus can speak to us. But that is not what the Bible says. If you love Him, you will obey Him, and He will make His home in your heart...and from there He will speak. All you need to do is obey what He reveals to you is His will for your life. And that is based on John 14.

The traditions and ways of men in any culture, African or American, are permissive and morally loose. Just because that is the way people live now, all around us, does not make it right. To please God, to hear His voice, to discover His will for your life, requires a willingness to let go of the things that offend Him, and a readiness to obey the direction you get from Him in prayer, at whatever the cost to our comforts and social status.

There was a time when your heart was on fire for the Lord, and you were a Heart Dweller because you recognized His voice in the messages. I have not changed, He has not changed, but you have. You encountered testing and trials at that time because there was serious compromise in your life, and you chose to forsake the way He was leading you.

Someone robbed you of that sweet intimacy and holy fire you once had. Someone convinced you it was not of God, so you fell back on the legality of the Bible and abandoned the intimacy you had with Jesus. My son, you need BOTH. You need to rightly discern the word of God and be His Bride.

15, Study to shew thyself approved unto God, a workman that needed not to be ashamed, rightly dividing the word of truth. That is Second Timothy 2:15

And you also need to have a PERSONAL conversational relationship with Him, or you will lose your first love. Jesus said, Whoever has My commandments and observes them is the one who loves Me. And whoever loves Me will be loved by My Father, and I will love him and reveal Myself to him. That is John 14:21

Here John is not speaking about a letter of the law relationship, but a Father - son relationship. You do not live with a person and keep the rulebook open on the table and refer to it minute by minute. You develop a trusting family relationship, you laugh and cry together, you trust Him with your life, so you are willing to follow Him anywhere.

Whoever loves Me will keep My word, and My Father will love him, and we will come to him and make our dwelling with him. John 14:23

God never turns His back on us, we turn our backs on Him and wander off without taking serious time to discern, the ways pastors and our flesh are leading us, without even noticing we have lost Jesus. We know the WORD, the address of the Scriptures, but we have lost the sweet presence and guidance of the Lord and His Holy Spirit.

Every pastor has their favorite Scriptures and doctrines, but they do not always line up with the heart of the Gospel. When you discover that heart, you feel quickened...My Sheep know My voice...and a fire is lit in your heart. You desire with all your heart to follow Him, and to make a difference in the world.

John 10:27 says, My sheep listen to My voice; I know them, and they follow Me.

There was a time when you truly did hear His voice, son, and it was calling to you in an incredibly special way, a sweet and intimate way, but others who were not being called in the same way by God, convinced you that you were deceived. You have followed different teachings for all of these months and now where are you with the Lord? Where is He? Where is that sweet voice that touched you not in the intellect but in the HEART. That voice would never mislead you...because you bore witness to it in your heart, where He lives.

A perfect example of this is in Season 1, the 6th episode of the Chosen, at minute 29:40 till the end. The dialogue is straight out Scripture, and after that is the scene where the paralytic is healed and watch what the young Pharisee does. He faithfully upholds the law, but it is worth watching to see the difference between the two Pharisees, Nicodemus, who recognized his Messiah, and Schmuel, who is still a young Pharisee.

Please watch it until the end of the episode. And if you really want to understand the context watch it from the beginning or from the 5th Episode, all the way through the 6th.

The Lord has put you on my heart dear one, but if you are unteachable and closed, there is nothing anyone can do to help you. You have followed these premises from other's opinions exclusively, and where are you now?

More importantly, where is Jesus in your life?

Do not be like the man on top of his flooded house, standing on the roof with the water rising and waiting for God to deliver him. The Lord sent him two boats and a helicopter. He turned them down. Why? Because he was "waiting for God" to rescue him. So, he died and went to Heaven, terribly upset, He asked the Lord, "Why didn't you save me??? I waited for you faithfully???" The Lord simply replied, *"I sent you two boats and a helicopter, why didn't you respond to them?"*

If you live in fear of being deceived, of going against the status quo, of believing something more wonderful about Jesus than the ordinary person...if you are afraid of being ostracized or falling into error, you most certainly will not grow or reach your destiny and potential in the Kingdom of God. Perfect love casts out all fear, and you will know them by their love. There is no fail-safe way to discernment. It takes work. First you must not be living in sin, then you must seek Him with all your heart, being willing to give up everything to follow Him.

Remember that the Lord warned: 36. A man's enemies will be the members of his own household. 37. And anyone who loves his father or mother more than Me is not worthy of Me; anyone who loves his son or daughter more than Me is not worthy of Me; 38 And anyone who does not take up his cross and follow Me is not worthy of Me. That is Matthew 10:37

And where have you drawn the line. In your lives, saying thus far and no further? What is a vital intimate relationship with Jesus, the Son of God, worth to you?

25. For whoever wants to save his life will lose it, but whoever loses his life for My sake will find it. 26. And what will it profit a man if he gains the whole world, yet forfeits his soul? That is from Matthew 10,25 and 6.

Do you want to spend your life this way...lukewarm, watered down, compromised, and feeling lost with no real purpose other than to keep a roof over your head, food in your stomach, And to donate to a good cause once in a while? When you face the Lord, what will He say to you? *"Well done My good and faithful servant...enter into your masters joy?"*

Or will he take the talent He invested in you and give it to the one who brought forth five more from five given him?

After all, it is your life, your choice, but I see you from a distance, and I see that God has given you exceptional opportunities to live for Him, I pray you do not squander them.

Love and prayers and much caring for you, son.

Mother Clare

I Want My Bride To Hear Me Now

May 9, 2021

My precious Heart Dwellers, I put the last message up to catch your attention to refocus your listening on Jesus, and what He is saying, for you personally. The message was from 2015, and nothing did happen in September as He said.

The heart of the message, to listen to Him and cultivate the ability to hear His still small voice from your heart, still stands even now more than ever as we approach more difficult times, however, He has said nothing about September to me as yet, but it is noteworthy that He is asking us to put up a six-month supply of food for the people on the Refuge.

This is highly unusual for Him to request, but I am asking you to hearken to this instruction and put up enough food to carry you through for six months. Please dear ones, make this sensible food, not snacks and empty calories. Foods like processed cereals are expensive when you could do just as well with oatmeal and making granola out of oats.

Also do not forget household items that you may need, such as hydrogen peroxide, bleach, detergents for dishes and clothing, soap, and a few medical supplies. We are also putting aside long-lasting candles and since we are in the wilderness, we also have electricity provided by solar power and generators with a supply of gasoline, and that is so I can still get messages out to you,

I highly recommend you bless your candles and speak God's word over them, "We are the light of the world which cannot be hidden," Lord please

bless our lights to shine during times of darkness and uncertainty." Please continue to pray Psalm 91 daily over yourself and your loved ones and know that God is mighty to protect and provide. Lord is there anything you wish to say?

He began, *"Thank you for putting out this message. I want My people prepared and having even enough to share. If all do as directed there will be an abundance in a time of scarcity. Difficult times will continue to happen My precious ones, but if you remain close to My heart in prayer and thanksgiving, if you seek the things of the kingdom and not the things of the world, you will be protected.*

"There is so much misinformation on the internet and in the news. This is why you must cultivate listening for My voice. Many of you have been accustomed to the noisy and threatening so called prophecies, of mainstream media sources and even some things on YouTube. They are not to be trusted dear ones. If you are basing your life on what you hear there, you are being grossly misled, and do not have a true understanding of what this country is going through, nor do you know the villains from the heroes. This is something you must discern in prayer.

"When Hitler came into power in Nazi Germany, he used the media to lure public opinion into the support of his detestable practices. The media were all in the pay of the government and told the public what they wanted to hear in order to support his agenda of the extermination of the Jews.

"The very same thing is happening now in this country except the target is Christians. It is written, that "You will be hated because of My Name," and those working for the mainstream media are part of the subversion of Godly agendas in this country. My precious Brides do not be in a hurry when you come into prayer. Waiting on Me, examining your conscience, repenting of even the little things you may have done that displeases Me. When you are called up higher there is a price to pay. There are sacrifices I may ask you to make, but not others.

"My heart is to speak to you, to inform you, to counsel and guide. These are the delights of a real relationship with Me. But I also love to linger with you and dwell in your worshipful presence. Your sweet songs and attentions to Me make up for so much indifference and coldness in the world. When you enter into true worship, in Spirit and in Truth, it is an absolute wonder to Me, and I allow Myself to be drenched in your love and thanksgiving. You can never do that too much. Abide in Me and I will abide in you dear ones.

"In order to cultivate the ability to hear My still small voice, it is necessary for you to still your mind, your own voice. Avoid being in the presence of agitating sound and voices. Cultivate a peaceful silent atmosphere to enter into worship. Your spiritual ears are clogged with layers of worldly noises, worldly voices, and unnecessary talking. Stillness of heart, mind and body prepare the way for Me to speak clearly to you. My Mother is also an intercessor to turn to to ask for her assistance, for the greatest thing on her heart is for you to be with Me.

"Dedicate yourselves to silence...even the gentle wind and singing of birds, takes on so much more meaning when you learn to still the endless noises of the world. As you cultivate this stillness of heart and soul, you become more sensitive than ever of My whisperings to you.

"Many of you have heard Me clearly but write it off to your own thinking. Well, yes, it is true My words come to you as if they were your thoughts, but they have a slightly different character, and many times when I speak to you, you simply gloss over it thinking it is your own thought.

"One way you can recognize My voice is that it is very, very gentle. When I speak to you, I honor your free will and My words are ever so gentle, not forceful. Many times, I will bring up a subject or metaphor that you would never have thought of on your own. That too is a way you can recognize My thoughts from your thoughts. I have had that happen to me a lot, where thoughts would come to me that were just totally out of my area of thinking I knew they were the Holy Spirit.

He continued, " You will learn that I never disparage or put people down. I may tell you what their problem is, but never with an ugly air. When I do that, I will inspire you to pray for them and just recognize you are dealing with a wounded and misguided soul and My whole heart for them is healing. Healing takes time, and your kindness and patience with them will accelerate that process.

"I have taught you about dwelling prayer because I want you to linger with Me, lavish your time on Me, forsake other pressing matters, as long as it doesn't lead to negligence, or abandoning your responsibilities. I love to see you push aside the world to spend more time with Me.

" As you worship and enter into My rest in My presence, the dust settles from all around you, the dust from the thoughts of the world and your own thoughts, even the thoughts of the demons to still your voice, even in worship and the air becomes cleaner, and more conducive to hearing My voice and My Heart. Oh, My dear ones, I have so very much to tell you, come to Me, worship Me and rest in deep adoration where stillness of heart and mind make you ready to hear My words to you.

"Sometimes, when you feel stuck in the silence, like nothing is coming to you, you can go back to dwelling music or take a random reading from your holy books. I speak to you continuously through holy reading materials. But you must learn to read between the lines and sense not just the meaning of the words but what lies behind the main thought. Most often it will be something I have been speaking with you about and you will catch a gentle hint. Also remember that when you approach Me through My Bible Promises or any form of an oracle, as the priests did in the ancient days, I may change the subject and speak to you about something totally different, ye much more important to Me for you to recognize.

"My precious family, I love you so very dearly, and it is My greatest hope that we can communicate clearly with one another, that you may grow in holiness and I may share in your joys and sorrows more and more. Lean on

Me, cleave to Me, seek Me, wait on Me, I will not disappoint you. I bless you now with a keen ear to hear My still small voice from within your heart and the grace of patience it takes to wait on Me."

Israel and Tragic Worldwide Conflicts

May 12, 2021

May the Lord bless you with His hope and His peace, in these turbulent times, and may He give you a spirit of intercession and prayer for those who are suffering and dying.

The last night I had gotten quite an ear and eyeful of what was going on in the Middle East. Jerusalem being bombed, Tel Aviv being bombed, and Gaza Strip what was going back and forth, back, and forth, and I came into prayer really wondering what the Lord has to say and I said Here I am Lord.

The world is changing so rapidly. Things are happening so quickly all over the globe, for instance I'm thinking of Africa, school children have been gathered together, fifty of them, murdered, and there are mass murders going on all over the world, it's a sign to me that the black hats are absolutely desperate to create every kind of unstable situation they can create, to throw as much confusion into the world as they can, to make it difficult for this transition with our nation, but the military and President Trump are no fools, and they are moving forward with these changes, but there's great desperation in the evil one's camps, and they're doing these things, they're fomenting these things all over the world deliberately to draw away from what's about to happen to them.

So, going back to what I said the world is changing so rapidly, things are happening so quickly, all over the globe. Lord, how do you cope with that...I know it is a silly question but how do You cope with that? I had another question for Him too, there was a question that maybe I was taking

a trip somewhere, and I have been stressing over that and I asked Him Lord was I supposed to go to Texas? He answered me right away.

He said, *"Let Me answer your first question. Beloved you are beginning to see all that I must handle around the world. But you are only seeing the outside circumstances from a distance. I am right up close beside the soul who must go through the fire of seeing their loved one cut to pieces and dying. What is going on in Africa. "The crimes are heinous, heinous means hateful or shockingly evil just like the one who perpetrates them". Meaning the devil "Yet I mercifully come down and scoop the innocent up into My arms and comfort them, bringing them to paradise in most cases."*

"It is tragic. Yet because I am infinite, I have the infinite capacity to handle even the tiniest details of such situations and their long-term repercussions. Right now, I am hoping you have gotten enough of the world from all the news you watched. I

do appreciate your heart felt prayers and sighs. Yeah, I mean, I would be seeing what was going on and I would just have a deep groan, a very deep groan, a sigh because what was going on, I did not form a prayer on my lips but what I was feeling inside, I was crying out to the Lord for these people. And He said, I do appreciate your heartfelt prayers and sighs. Even a sigh on behalf of those in traumatized situations, even that sigh carries like incense up to My Father in Heaven. You may pray this way.

"It IS affective. Do not think that when you look upon their plight and recoil in horror or compassion, that it is not counted as prayer. Because it is just as surely as if you had crafted a prayer and offered it. The sigh and pain in your heart carry much weight with Me.

"Do you remember the scene in the movie The Chosen series, the Wedding at Cana, when the woman playing My Mother, looked with such concern in her eyes because the bride and groom had run out of wine? Did she craft an elaborate prayer to Me, or did she just look up into My face with deep concern I could not turn down? Yes, that is what I mean, your sighs and

exclamations do count as prayers. Especially following it up with tongues, and it will be even more complete.

"Now, about your question. No, you were not supposed to go to Texas. We have got it right; you are to pray and get everyone praying. And what He wants us to do is intercede for the President. "This is a most extraordinary", He continued, "and delicate time for your nation, many things are about to change, and the enemy takes advantage of change to sow confusion and fear. Bind the fear and confusion and release road blocks, snafus, complications, interventions, discovery, and exposure. This is only fair considering what they have done to your nation at every turn. They have this coming."

What He is talking about is to pray for the President and for our nation but also pray that what they have got planned, what they are going to try and do will backfire on them or they will not be able to carry it out, so He wants us to pray for roadblocks and equipment that fails, unusual circumstances that cause a wait. I asked Him and I said, Well I do not understand, because

He gave me a card that said, 'Take nothing for the journey.', 'I'm sending you out', 'And declare the sins you see boldly'. What is that all about? Because there is a mission, we thought we were supposed to go to.

"You will see soon enough. More time in prayer and silence Beloved. You have been moved out of your strengthening place by the curiosities of what is happening around the world. I know it is tempting, I know it is exciting, but you will do better the less you engage your curiosity. Although I am not saying you should abstain altogether, just be very restrictive and do not allow yourself to be sucked in and go from one source to the next and the next, etc.

"Many things are in the works to destabilize your country even more than the changes will cause, so pray for the stability and soundness of mind of the people. This is a war that will be won by prayer, as well as the brave tactical actions of your President Trump.

"All of you beloved Heart Dwellers, pray sincerely This is Jesus again speaking" and from the heart for all these events around the world. The black hats are trying to throw the world into devastating confusion and war on as many fronts as they can. You are correct in wanting to get Nigerians to pray the Rosary, her motherly love will swing into action.

So as an aside I just want to say on that note, if any of you are from Nigeria or nearby, please, please ask the Virgin Mary to pray for you. She hears your prayers through the Holy Spirit, her spouse. And over and over again, wars have been won because everyone got together and prayed the Rosary. Good revolutions have been supported and succeeded because of her prayers. And bad revolutions and genocides have been stopped because of her prayers, so please get a Rosary group together in Nigeria and pass the word as many as you can, and any place in Africa where terrible things are going on.

Jesus continued, "When you petition her you are asking the most powerful creature and advocate in Heaven to take up your cause. Do you realize, how difficult it is for Me to turn down her requests? It is nearly impossible because she has My heart and does not ask out of turn. She asks in accord with My Divine Will, with heart felt compassion.

"What she suffered for My incarnation, has hardly been told. It was so much more than what the prophets have written. And of course, the final sacrifice of seeing My martyrdom literally tore her heart within her body. You do not know the half of it. But someday you will. I am telling you this because it is another reason My heart is so inclined to hear her petitions and bring joy and relief to her heart, which was broken on this earth for your sakes. She especially hates the murder of innocents.

"What I want you to take away from this message is to pray for diversions and delays to plague the black hats, so they will fail with their evil schemes. And particularly the dates to watch out for are the 21st, the 22nd and the 23rd. Those are times to really increase your prayers because that's a busy time for Satanists.

" Beloved Heart Dwellers, may I count on you to pray for these things? Truly you have done so very well in the past and we have made great headway, but this is not over yet and their desire is to kill your President Trump. So, I ask you to cover him and his family with your prayers. And pray for diversions, distractions, and innumerable delays to plague the black hats.

"You will do much for your country if you do this. I love you all very dearly and count very much on your faithfulness. Ask of Me, the strength and wisdom to pray effectively. Especially pray in tongues.

"This you can do anytime, allow My Holy Spirit to lead and guide you, to use your tongues to petition Heaven with the most powerful and on point petitions, go now in peace, and know that I am by your side, prompting you many times to pray, strengthening you in difficult situations, and continually giving you hope. Call on Me, lean on Me, I am here for you."

Receive The Gift of Bilocation, Accompany Me

May 15, 2021

Hello, brothers and sisters and Heartdwellers Family. May you all receive the grace of supplication and prayer to touch the souls who are in need in this hour.

Forgive me, this is the same message, but I had to make a few minor corrections. The first correction is that Saddam Hussain used mustard gas and not white phosphorus on the Kurds and giving last rites to a dying person is not a %100 grantee that they will be taken to heaven. However, it's a very good chance they might because God is so merciful.

I have a few older messages that were meant to go up before this one however, this is an urgent message and was given to me yesterday.

Monday morning a "full-scale war" began when Palestinian militants in Gaza fired dozens of rockets at Israel and killing many. There've been 80 deaths so far including 14 children. Father Ezekiel began hurting badly Monday evening, reeling in pain because Jesus was reeling in pain at all the suffering that was going.

Those who were not dead were dying slowly as the gas from the missiles called white phosphorus was burning the skin off many. Father Ezekiel saw all of this in the spirit. When he went in the spirit, he said the smell was overwhelming as death and decay were everywhere. He had to put a towel over his eyes and nose. However, he saw Jesus right next to him with his sleeves rolled up, cuts on his body, and burns on his skin, helping the souls who were still alive. He then asked the Lord what he could do, and he saw a

box of talcum powder and zinc, as he was instructed to use it on the souls who were not yet dead but had been burned by this chemical.

One of our intercessors is from India and said the death toll is rising, because of Covid, now more than ever. 250,000 people, in 24 hours, have died and the second wave is hitting Venezuela hard as well. There are also genocide and massacres going on in different nations in Africa as the enemy is trying his best to throw this world into confusion and our nation into war before things in our nation get overturned. Father Ezekiel has been suffering for all of this intensely the past few days and so has Jesus.

Yesterday, we got a community call to prayer again for Israel and the war that is raging over there. We were all before the Holy Eucharist and praying several Divine Mercy Chaplets. Then I felt prompted by the Holy Spirit that he wanted us to go in the spirit and help those in need in Jerusalem and Tel Aviv. Father Ezekiel had told us, about two weeks ago, this was a new mandate from Jesus within our priesthood; that he wanted us now to go to souls and give them last rites, an absolution, and the Blessed Sacrament to prepare them for a happy death. Last rights are prayers and ministrations given to an individual dying as a way to bring them peace before approaching death. It comes with a confession and then anointing them. Absolution is an act of forgiving someone of their sin, and it's a sacrament of reconciliation from the scripture **John 20:23**, and the Blessed Sacrament is Jesus in the consecrated host. This Sacrament is so powerful, and a form of purification. When a dying soul receives these faculties before they pass, they enter heaven instead of hell, and it prepares their soul to be with Jesus. This is truly an act of God's great mercy on the dying.

So, I closed my eyes, with two of my other sisters, and use my sanctified imagination to go to Israel. Immediately, I found myself in an apartment rubble. Some part of the apartment was still standing, and other parts had been bombed. I was in one of the apartment rooms and I felt such urgency. Holy Spirit brought to my mind to go to the dead first, to absolve these souls of their sins so that they wouldn't be taken to hell. They had just died. In the first room were a mother and daughter on the couch, slumped over. I

did the sign of the cross over them and said the absolution prayer quickly, and immediately I saw two white lights shoot out of them and upward, upon finishing the prayer.

I knew it was their soul now taken, and I was amazed. I then went to the next room over and saw a man in rubble dead; only his head was sticking out, and I did the sign of the cross and the absolution prayer, and the same thing happened. His soul was taken immediately out and upward. I then went to another room, and this time saw a man blown to pieces, only his upper half of his body was left. I did the same thing, and his soul was taken upward. I then went to several different rooms as quickly as possible, giving absolutions to those who had just died.

Then, before I knew it, I was transported to the hospital and found myself running alongside a gurney with a young man on it who was bleeding to death. There were doctors and nurses all around him running alongside his bed, trying to get him into emergency surgery as quickly as possible. I made sure to introduce myself because he was startled to see me. No one else saw me, but He saw me. I told him that Jesus sent me, in his great mercy, to bring him salvation before he passed. He began to cry profusely, saying he was scared, as the nurses and doctors were hurriedly trying to rush him to surgery, and getting his vitals, and into an elevator. He said he never believed in God and was so scared.

I told him that Yeshua was the Messiah and what he did on the cross, and if only he would confess with His mouth and believe Yeshua was Lord he would be saved. He began to shake his head that he believed. I then gave him last rites, and absolution and gave him the Blessed Sacrament right as we entered the elevator. When he received Jesus, he took his last breath in peace and gave up his spirit, as the doctors realized he had flatlined and was gone. But I saw him now, taken to heaven.

Then I was taken to another room with a young man surrounded with family members. His mother was holding his hand crying and he was in a coma because of his injuries. When I approached the room, he looked startled, as I introduced myself and told him of God's great mercy towards

him. In the physical he was a vegetable but, in the spirit, he was able to speak to me heart to heart without words and his eyes were open. He began to cry because he was so scared. He had lived a lewd and lascivious lifestyle in homosexuality. He began to confess all his sins in shame, as though God would never forgive him. But I gently told him to stop, because he was sincerely contrite and Holy Spirit prompted me that he knew all of his sins already and wanted to forgive him.

I told him Yeshua would forgive him of all his sins if he would confess Him as Savior and Lord. He cried and cried saying, yes that he accepted Jesus in his heart and life. I then gave him his last rites, and absolution and, although I thought he was going to die, before I gave him the Blessed Sacrament, the Lord surprised me. He prompted me to tell him that he had been given a second chance at life. That the Lord was giving him this second chance to tell the world about His great mercy towards him. As soon as He received the Blessed Sacrament, he took a deep breath and awoke from his coma, as his mother and all his family members surrounded him with tears, and medical staff rushed in astounded at the miracle. I then felt an urgency again, that there wasn't much time for others. I then saw my guardian angel, Zeal, appear and he told me to grab onto him. And immediately when I held onto him, I was transported, in light flashing speed, to another room.

This one was a cold, low-lit room of a young boy who had just died because of third-degree burns. He was covered in the white sheet cloth and alone. However, I could see his spirit on top of his body, and he was sitting up with his knees close to his chest. Both hands were being pulled left and right by hordes of demons screeching saying, "No he is ours because of the covenant his parents made". The young boy was crying, pleading for me to help him, and that he was so scared because he didn't know what was going on. The room was full of demons. And now, as we arrived, it became full of angels as the Holy Spirit prompted me to use holy water which appeared immediately in my hands; and I sprinkled it all over the demons in the sign of the cross and commanded them to go, in Jesus' name. The Angels bound them up and they vanished immediately, screeching.

The boy who was about 9 years old was sitting up, shaking violently as I came and held him in my arms telling him it would be okay, and that God in his great mercy, sent me to bring him salvation. He began to cry as I told him about Yeshua being the Son of God and dying for his sins if he would only believe. I told him to forgive all those who had hurt him and ask for forgiveness for all his sins. He consented, crying as I gave him last rites and absolution. I told him not to be afraid because he would be in heaven with Jesus and that his family would be taken care of. As soon as he received the Blessed Sacrament, I saw an angel of the Lord come and take the young boy to himself as he now glowed brilliantly and was taken to heaven smiling.

Then I heard "There is an elderly couple, go quickly!". I found myself now approaching a room with an elderly woman in bed, dying from smoke inhalation and the gases from the missiles. She had a breather on, and her husband was holding her hands in such sadness and tears. He knew he was losing her. I immediately knew in my heart by the Holy Spirit that they had loved each other deeply and always wanted to leave the world together because neither could live without the other. When I approached them, they were startled and I introduced myself to both and told them, in Yeshua's great mercy, he sent me to bring them salvation.

Then the man began to cry profusely, and he held his heart and said, "I knew it, I knew it, Yeshua was the Messiah". He was a pious, religious, Jewish man and in the back of his mind, he had always wondered if they had gotten it wrong. His wife had tears rolling down her eyes. I told them about the cross and the gift of salvation if they would only believe. They both received Jesus in their hearts, and I told the husband that the wife would now go to be with the Lord, but the Lord knew his heart's desire and, in his great mercy, had granted his wish, and he too, would soon be taken shortly, right after his wife. They both cried and asked about their children. I told them the Lord would take care of them and they too, would be with them in heaven, in time. I told the husband he was given a little more time than the wife, to testify to his children and others, that Yeshua is the

Messiah before he would be taken. I then gave them both last rites, absolution, and the Blessed Sacrament.

As soon as the wife received, Jesus appeared with his arms outstretched and nail-pierced hands, glowing radiantly in the room. The elderly man was speechless and in tears. Jesus went to the wife and took her soul to himself and cradled her like you would a child. She then was transformed to a young woman in her twenties, now in all white, full of peace, joy, and the radiance of God. Jesus then placed her down and she rushed to give her husband a big hug. She held him tenderly and kissed all over his face as he was still in shock and utter amazement. She told him how much she loved him, and Jesus came close to the couple and laid his hands on both of them. He told the elderly man not to worry, but he would be coming for him very soon, that where He is, he may be also. Then He took the wife's hand as they disappeared to Heaven.

The elderly man was still standing in awe when she flatlined. The doctors and nurses rushed into the room trying to bring the elderly woman back to life as her husband began to cry with tears of joy, praising Yeshua loudly, over and over again, as the doctors were looking at him bewildered, still trying to revive his wife. He was so lost in what he just experienced and continued to praise God. Then I was brought back to myself, as I opened my eyes, and I was before the Lord on the mountain.

I could feel Holy Spirit's presence strongly all around me as I felt so relaxed, and a warmth I couldn't explain. I kept thinking. "Lord was all of that real?" It felt so real as I looked around in the room and realized about 30 minutes had passed. My two sisters were just opening their eyes as well. I immediately went to the Bible Promises Book, asking the Lord if what I saw was all real, and got, "Holy Spirit". I was dumbfounded and amazed. My two priestly sisters began to share their stories of also being in Jerusalem, and one even saw me there with some of the souls the Lord was ministering to. We were all blown away by our experiences.

I had to go to Adoration soon after, as we praised the Lord for what he did with us and through us. When I was in Adoration, I was still in awe at what

just had occurred, and I began to hear Jesus speak to me. So, I reached for my laptop and began writing as I said to Him, "Jesus what You had me experience was amazing! It was like I was really there!"

Jesus began,

*"You were beloved, and if you think this is amazing just wait, for did I not say, greater works than this will you do. **John 14:12**. This is one of the many anointings I am releasing to you, Heartdwellers, as I promised, new anointings were coming. I am giving all of you now the grace to receive the anointing to bilocate. This is not a foreign term or concept but was also given to the early apostles like Philip when I used him to bring salvation to the Ethiopian eunuch."*

He is referencing **Acts 8:26-40**. After baptizing the eunuch, Philip was taken, by the spirit of the Lord suddenly, then ending up in another location. Interestingly enough when I read the entire passage it also says, ***now an angel of the Lord said to Philip, "Go south to the road--the desert road--that goes down from Jerusalem to Gaza. - verse 26***. Guys, that is the location that is being bombed right now and where Jesus sent us to minister. Amazing!

Jesus continued,

Yes, he was transported physically, and that hour will come soon for many of my brides to experience that. But at this time, I will be using many of you in the spirit, transporting you to different locations as your body may be in one place, and simultaneously at a different location in the spirit. I just need your consent and your faith. It will be faith and charity that is your transport, my beloved ones. You only have to think it and you will be there accompanying Me, healing the sick, praying for the dying, and helping the dead pass on to be with Me.

I no longer want you to be comfortable and complacent with just praying for situations, circumstances, and people, but I want you to go there to be with the souls you hear about. If you get a notification on the news of

someone dying, someone sick, or an accident that just happened call upon My Spirit, speak, in your Heavenly language and use your sanctified imagination, and go there. Do not be afraid of what you sense or feel. But if your heart's desire it to see the soul saved, the troubled situation brought to peace in My Name, I will transport you there immediately.

Once you arrive, be sensitive to My Spirit and whom I lead you to. Many will be on their last breath of life and you will be their only hope. I first want you to introduce yourself, tell them not to fear, but that I have sent you to them. Believe Me, they can see you in the spirit. Many times, demons are very close, tormenting many souls before they pass into death. So, your presence will cause many demons to flee because My Spirit dwells within you.

If you find demons surrounding the soul or your atmosphere, simply call upon my name and do the sign of the cross, they will vanish. If they don't, you can request holy water and it will show up immediately. Use that by sprinkling the room or vicinity the soul is in, with the holy water in the form of the cross and they will vanish. When you approach the soul, depending on the time they have left, I want you to pray for My Mercy. Tell them about the gift of salvation and ask them to believe, have faith in Me, Jesus Christ, the Son of God, and to forgive all those who have hurt them.

Once they respond and consent to receiving me as Lord and Savior, then bless them with the sign of the cross over their forehead, and that will be enough for Me to come and take them in My Mercy to Heaven. For my priests who have this Sacrament, you are to give them their last rites, an absolution, and the Blessed Sacrament to prepare them for a happy death. Some souls you will be used to revive back to life. Just follow My Spirit and His leading. Others, I may take you there to simply pray by their bedside and be a source of comfort and companionship in their fear and loneliness.

My brides, you will bring comfort to many souls and touch many lives in this way. But you must believe. I want you to work with Me, I need you to work with Me. For those who are suffering and confined to bed with a cross of sickness, this is your primary ministry. And to My priests, this is a faculty

I am calling you now to use. As the times get darker, I will need the response of my brides to come quickly and work immediately when this call of prayer comes from a loved one, a prayer chain, or from the news. Accompany Me there quickly, with My Spirit empowering you and Angelic help, you will save a many number of souls in this way."

That was the end of Jesus' message.

Amazing!! I had never heard of bilocation before until I began to read and learn about the life of the saints. St. Padre Pio, St. Francis, Martin De Porres, and so many others, were known to be at two different places across the world helping a soul in need.

I have experienced this twice but if I can be honest didn't have the faith to really believe that was what I was doing. With every gift from the Lord, we must be careful to not rise up in pride but to receive this in all humility and stay in a posture of humility. We don't make ourselves go anywhere, it's by Jesus's invitation and we just get to accompany Him in what he is already doing.

My first experience was last year sometime when the Lord called me to a fast. And in the evening, he called me to pray in the spirit for a while. As I was praying, I heard "bi-location" twice, and I rebuked it thinking it was the enemy trying to puff up my pride. I know, I am a hot mess, rebuking the Lord. When I realized it was the Lord, of course, I apologized and waited to see what he meant by that. I then found myself in one of my sibling's house blessing them, as they slept, and the children. The next morning, I told her about my experience, and still very much doubting, described what the children were wearing as they slept, and the room. I was shocked to find out what I saw was exactly what they had on. Even she was shaken by it.

Then Father Ezekiel gave us another call to prayer a few weeks ago and asked me to accompany another priest in the spirit to minister to a young boy who was dying. So I simply used my sanctified imagination and went there. As I watched my brother-priest administer the priestly sacraments, I just held the boy's hand and comforted him until he passed on. My brother

priest and I were at two different locations and it wasn't until I talked with him that I described in detail what he had done to the boy, and we realized what we experienced was very real. He didn't see me, but I was there the whole time watching him. As he confirmed the specific things I described, is exactly what he did in the spirit. So, guys, you can go in groups or in pairs in the spirit to help these souls. Anything you need will be immediately there available for you at the first thought of it. Don't limit your imagination or the Lord. This is very real, and what He is calling us to do, and asking us to correspond to help him in this way.

Some may say, "I don't see in the spirit". Just remember, all you need is a willingness, faith, and the motive of love to help these souls, and Holy Spirit will do the rest. What a great gift Jesus has just given us! Please believe and use this gift to snatch many souls out of darkness. So please, go to the suffering places; take this call to prayer seriously, and go there daily to minister to those who are still suffering. God bless you guys until the next message.

What is Hidden Will Be Brought to Light

May 18, 2021

May the Lord bless you and keep you in His loving arms dear Heartdwellers. I'd like to share with you a dream that we were given last Monday, May 10th. I was in a house with several other people

milling around, when a slight movement outside caught my attention. So, I went through a sliding glass door into an unkempt garden and behind a very wide, tall tree was, much to my surprise, President Trump! He motioned for me to follow him through a gate in the garden wall into a small clearing where no one else was around. He said in a rapid, low tone that he was being moved to a secure location and asked if I would meet him there, as the situation was urgent to ensure his safe passage. He also said that he needed myself and others to create a distraction to keep some unscrupulous people from tracking him.

I immediately agreed and asked how I would know where to go? President Trump quietly responded, "Do you remember the location of the clear push pins on the map? He continued, "If you do, then just nod your head."

He was referring to a dream I had back in January of this year and there was a map of the United States with colored and clear push pins all over it. I nodded and recalled where the clear pins were located. He murmured, "Good, my men and prayer will help guide you." I got the impression that I was to head towards the largest cluster of clear push pins.

Just then, Genesis 50:20 came to my mind, "You intended to harm me, but God intended it for good to accomplish what is now being done, the saving

of many lives."

I got the feeling that where we were going was previously used to harm people and now the Lord was going to use the secure, underground location for His purposes and for our good. I said in an almost inaudible voice, "Sir it's as if you are still President." In a whisper he replied, "I am more of a President now than when I was publicly known as President of the United States."

I was thinking that's incredible, there is so much we don't know about what is happening behind the scenes, and then I woke up. Sure, enough two days after this dream, President Trump was moved from his residence in Florida to a secure location.

After sharing this dream with Mother Clare, we had discerned to buckle down and press into serious prayer as a community to help foil the plans of the unscrupulous and create a distraction for President Trump's safety and that any assassination attempts would fail, and to pray for America and against the outbreak of war.

This is the second dream we have had this year were President Trump has imparted to us vital information regarding the enemy's tactics and what to pray for and against. He has been turning up the heat for convictions for those facing military tribunals for their crimes against our nation and they are desperate to take him out.

Dear Family, we need to continue to cover President Trump now more than ever as what has been done in darkness will soon come to light and our nation will see the good that President Trump has done and the uninformed will know the truth.

Lord do you have anything to say? Jesus began, *"You all will be much tested over the next several months, even to the point of your faith being greatly shaken."* Oh, Lord please help us, keep us steadfast and deeply rooted in your vine.

The Lord continued, "I will grant you perseverance which will strengthen you to keep moving forward towards My plans for you and this community. There are many distractions in the world that keeps My people from clinging to me, as the deep state continues their evil plans and brainwashing tactics to occupy your minds and keeps your attention on worldly pursuits and selfish ambitions. The diet you all are being fed from your government, the media, the internet and the enemy is poisonous and destructive. I have spoken to my precious ones several times about simplicity and keeping your focus on Me. I got your attention when your rhema and readings spoke about obedience and faith unto death."

One of the readings was in Philippians 2:8, Christ became obedient to the point of death, even death on a cross.

The Lord continued, "Yes, radical obedience is what I require during these times before what has been done in darkness will now be brought into the light and what has been concealed will be opened for the whole world to see. The elitist agenda is to depopulate, desensitize and divide people, targeting those in government to funnel all into their version of how citizens of America and the world should behave and interact with one another, programming you into believing the illusion and becoming devoid of human emotion, especially love. Love of Me, love of your brother and having compassion on the impoverished. I need your prayers and your sacrifices more than ever during this time, as My Heart grieves beyond measure for those souls who will not turn to Me. Listen for My voice and I will guide and fortify you. I will be with all of you giving supernatural graces when and where needed, through this time of trials and I will be right there by your side, with My Wisdom, Power and Authority, all will be accomplished according to My Will.

"You are all so dear to Me and great is My love for you. If you remain faithfully steadfast, immovable and trust in the Lord, your God, you will not be moved by events which will unfold before your very eyes. I love you and grant you My peace."

God Is Preparing Us To Stand With Him

May 21, 2021

May The Lord bless you precious family, and may our eyes never wander far from Jesus, Who is capable of keeping us in His perfect peace. Lord, keep us in Your peace. Amen

The Lord is indeed warning us that war is coming, and I believe it is more of a civil war than a foreign engagement. He began: " *War indeed. War against those who stand with the constitution and what is right. Evil has been on the increase because CERN opened a portal to allow more filth in. I have kept back the ocean of scum consisting of fallen angels and their offspring. Yes, you are seeing it in your understanding.* I had a vision of that. And then He said:

"Those who masturbate, release their life force which the demons can pair up with an egg and create a demonic entity. They cannot do it on their own, but they can take the building blocks and do it. I allowed you to see that YouTube so that you would put two and two together. There is a very real reason why people should not do such things. It greatly benefits the demonic realm.

And what I saw quite a long time ago was a video of a man, I think he was using infrared, and there was a portal out on his lawn, portal to the demonic world, and on the left up was some kind of device, and you would see like a little light coming from it, on the right was another device and a little light would come from that and the two of them would pair up and then fly off looking a little bit like an orb or flying saucer but small, not very large, and

He was showing the YouTube followers how demons are born, and I thought, "wow, that's something I never realized before, very strange."

I did not think they could do that, but they cannot create life, but they can take what is already created by the Lord and use it to their own ends. So, I asked the Lord and said Lord, what about the political things that I say? Is this okay with You? He replied,

"People have to know otherwise they will not pray. Just do not make it the focus of our channel. Truth is especially important Clare. No one wants to look at the truth until it slaps them in the face and that is what is happening in this nation and around the world."

"This is the best time for us to talk" it was early morning and I had just gotten out of bed- *"Because your mind is clearer in the morning and less engaged in the world and all the agendas that go with it."*

.

"Clare there is going to be war on your soil. It is already happening, but very few are aware of what it really is. The ones that are, know full well what is coming. This nefarious force will not go down without a fight and I am here to tell you, My Mother is your best recourse." And she's an intercessor, the Blessed Virgin Mary in Heaven who hears our prayers through the instrumentality of the Holy Spirit.

And it is a miracle because when we get to Heaven, we are going to see that we hear all kinds of things because the Holy Spirit is our connection. We are aware of so many things that are going on down on earth because the Holy Spirit permeates everything. I confess to you, I love the Blessed Mother, I have seen her, I hear her, she is wonderful. And the Lord is saying *"Stay close to her."* And I do not like Rosaries, honestly, but when she is in the room, manifesting in the room, it is quite beautiful, you can feel it you feel the peace and the sweetness. It is like a hug from Heaven. Ok. In case any of you are getting seized by the idea that I'm talking to the dead, that's not at all, she's quite alive in Heaven, just like our relatives are alive in

Heaven, and the Lord set the precedent when He talked to Elijah and Moses on the Mount of Transfiguration.

So, there is a precedent set by Jesus, talking to those in the heavenly realm. As a matter of fact, she is part of the Great Cloud of Witnesses cheering us on. This is a concept grossly misunderstood and check into my other videos, I did a seven-part series on the Blessed Virgin Mary and her mission according to the Scriptures. That will straighten out any questions you might have. And she has started appearing to me now during the Rosary and Jesus said, *"I know all about your objections to the Rosary, it is tedious, takes time, etc. But do you want to be protected or not?"*

So, I asked the Lord, What about a daily community Rosary? He answered, *"You would have to make BIG sacrifices, but it would be well worth it. It will draw your community closer to one another and her peerless protection."*

Lord, would you please confirm that to me? So, I got the Bible Promises out and I opened to Obedience. And I knew, in my heart I knew this is what He wanted. And this is what we needed to do because guys, the opposition is getting hot for people who love the Lord and are for Donald Trump. Jesus continued, *"The protection and benefits from this practice cannot be overestimated. So, I am asking you for an obedience. You need this, take My word for it. Try not to make it a rote practice, And when He said "Try not to make it a rote practice", what He's talking about is when people just kind of babble it, "Hail Mary full of grace", you know, they go really fast, and we're talking to the Mother of Jesus in Heaven through the instrumentality of the Holy Spirit, we're talking to a person, not just babbling off prayers quickly to get it done.*

And the other part of that of not making it rote is to meditate on the mysteries that are all about the life of Christ. They are all the things that Jesus suffered and did, and you meditate on those things while you are praying the Hail Mary's. And that way the Rosary does not become rote. It has a deep, deep meaning and you really are communicating with Heaven. Jesus continued, *"I cannot stress this enough to you. All of you have had*

adoration with the Blessed Sacrament, now this is the next step. Yes, it will cost you, but you have no idea of how it will save you from the attacks of the enemy. That is right, our Lady crushes the head of a serpent. Genesis 3:15, and I just kind of spoke a quick prayer: "Our Mother of Mercy, cover us. Please help us to be faithful to you." And that is a devotion she gave to me in Florida about twenty-five years ago, Our Mother of Mercy and I have thought you have seen the images, they are on the website for sure.

They are also on another website, ourladylightofthewoods.org, there is a section there on the Blessed Mother. And I also explain the dynamics of intercessors in Heaven, how they intercede for us. Just like Jesus intercedes for us. True, there is only one mediator, but there are many intercessors and we have them on earth and we have them in Heaven. The only thing that separates earth from Heaven is a thin veil the Holy Spirit totally penetrates. We are all one body under one head, Jesus Christ. Amen. Ezekiel has been seeing things in the spirit, he has been seeing persecution of patriots. Innocent patriots, arrests, and persecutions in different parts of the nation.

Not anything violent, not violent people, incredibly quiet people, and sometimes with trumped up charges. The war that the Lord was talking about before is the breaking out of BLM and Antifa, that is rioting and causing riots and they are thugs, that have been hired by the dark hats to cause trouble and blame it on the Republicans, which is ridiculous, so this is going on around the country. And even now, in Congress, there is some kind of a bill that will allow them to collect the names of people who are for Trump and persecute them. It is terrible, really, it is just terrible. So, persecution is rising, opposition is rising, demonic activity is rising we have got to be on our guard. We have got to pray our prayers to protect. And the Lord does not want us to be on the defensive all the time, He wants us to be on the offensive, and bind things that do not deserve to be.

Terrible things that are hurting other people. We have the power to bind and loose, and where we know what is going on, we can pray. Pray for what is going on and help those who are out there on the front lines mopping up the

mess, for instance the Space Force. I pray for them every day. So going on with what the Lord was saying,

"Now about this war, many things are already in place to silence the voices. What you have seen going on openly is going to begin to manifest secretly in the sense that you will be targeted to cut off the flow from Heaven". And I have, they have tried many times to separate me from the Lord. As a matter of fact," Jesus continued, *"this has already been happening with your faith. They have made gigantic headways into your prophetic voice. Not only throttling you personally but also in the media. This will change with My Mother's intercession. You belong to her now and she will rise to protect you."* And that is true, I am being throttled on the internet, there is no way around it, I do not come off the way that I should, even on Vimeo. Jesus continued, *"You see this younger generation has been recruited to be the eyes and ears of darkness. They can identify you from your activities on the internet, as well as previous situations in which you were targeted. They want to shut down the voices. Many voices have crumbled and run away. And what He is talking about here is the voice of truth, and the voice for Christ, and the voice for Donald Trump as our President.*

He continued, *"You are here, where I want you to be, but these are not the days of peace, even though My peace keeps your soul, these are days of warfare. You literally must fight for the right to breathe, Clare. This is why what I have to tell you is so important. And when He said that you must fight for the right to breathe, I think He meant it figuratively as far as being able to reach out to people but also physically because I have been on oxygen for my fibro at night and it has been drying out my vocal cords and making my voice sound rougher, but that is going to change. And I asked the Lord after this I said but Lord, isn't everything going to change for the better when the dark side is crushed?*

"They could see this coming" He said, "And have raced to find replacements, you have no idea how huge and pervasive these people are. They have groomed this generation to fall right into line. And here I want to speak to you who are younger on this channel. Do not be duped by these

people. Get down to the facts, find out what is really going on, do not go along with the crowd, get deeper than that. Check that things that are being said, to see if they are true. The media has done nothing but lie about Donald Trump. So many people do not like him or are against him. Nothing is perfect, but he is definitely taking care of the dark side that has been controlling this country and they are putting up a big fuss to try and destroy him. So many assassination attempts, it is really sad. So, your younger generation, think for yourselves, will you? Really, get a grip on things and think for yourself. A particularly good search engine is Duck Duck Go and of course Rumble and Bit chute are places where people can post videos and not be censored.

OK. So, I said to the Lord but...when they see who their leaders really were...I mean the kind of people they really were; what they were doing to children and babies, won't they want out? Won't they be so disgusted with what they have been conned into they will wake up and get out? Jesus replied, *"Some, but not all. There is determination there. You remember when you were younger how you worked to make a living, the energy you put into your profession. They have been sold a bill of goods that they are the heroes of humanity, they are going to make this a better world."*

"My Beloved ones, you have the power of love working through you, but you must keep your eyes open and read the signs of the times. My Spirit will alert you when danger is near, and prompt you into action, even as He did when one of your sisters started coming down with COVID and you rebuked it and it left her."

"Yes, I am protecting you on this refuge, but I want you to be strong in the ways of spiritual warfare, and to teach these to other souls who have no other defense. There are millions out there around the world Clare that are frightened silly. By that I mean they have lost their ability to reason, and logic has been taken over by fear. Fear of COVID, fear of war, fear of food shortages, fear of gangs, fear of rioting and looting, fear of being forced to take the vaccine. You can gauge how many people will play into the agenda of the dark ones, by how they react to the mask. If they wear it and protest

when they see someone else not wearing it, these are the ones have been sold the narrative and eventually will turn against those who are following My guidance.

"You are to greet such as these with love and truth. Be loving and kind but proclaim to them that God is protecting you from COVID, that He has been and will continue to as long as you walk in obedience and His ways. But because they are not aware of the narrative they have been indoctrinated into, they will find fault with you and suspect you of even worse things.

"The truth is coming, revolution is coming, I am coming, be prepared and do not relax your vigilance. Pray in tongues continuously if you can, My Spirit will utter the perfect prayer through you that the enemy cannot even decipher." And that was the end of His message. Pray for your country, dear ones, pray for your country, pray for President Trump, pray for the young people who have been co-opted into this evil, evil matrix that they will wake up and see what they are dealing with. They are not saving humanity; they are destroying it. Pray for all of these intentions. The Lord is with us, and he does hear our prayers. Thank you, dear ones, for being on the channel, thank you for praying for us, and thank you for donating to our cause, we appreciate it so very much. The Lord bless you; you have His angels to watch over your ways. Amen.

Our Lady 5-19-21 Appears During the Rosary

May 23, 2021

So, after the Lord made that recommendation, we gathered together after the community dinner and prayed the Rosary and lo and behold, she appeared to me for the first time seriously in the sense that she was there to advise us. The first

time in twenty-some years, when we were in Florida and in the apparition, she was appearing there as Our Mother of Mercy. It is beautiful, and I am going to share with you what she said. Several people in the room knew she was in the room; they could feel the sweetness. When she comes and visits us, it is so sweet and gentle and you can just feel it, it is like a big hug from Heaven. So, the Blessed Mother began, "I am so pleased to see you coming together as a family and praying.

There is no end to the joy I feel in your presence. Hard times are coming but you will be greatly productive in serving Him. You are not to go along with the fright and confusion of the rest of the world, rather show your faith in God by being at peace and encouraging peace and to come to me for intercession, for I will surely deliver them from evil in that hour. "And as an aside I want to mention here there was something going on in the Philippines and an army was coming and they were going to slaughter a lot of people. And they started marching towards that army praying the Rosary and the army stopped, the whole thing was diffused. I do not remember when that was, but I do know that, and I want to encourage my listeners in Africa where these slaughters are taking place, please, gather together as a village and pray the Rosary. Pray the Rosary for protection pray it every

single day and she will protect you. Be consistent and pray, she has done miracles for people who were about to be caught in a massacre. Ok.

Our Lady continued, She said,

"Many will run to and fro looking for answers and ways to avoid the inevitable, but only their faith in the Lord will be rewarded. All other reactions will not get them through." Now see, here is she is pointing to the real source, the Lord. She's asking you to pray, and the prayer is, "Hail Mary, full of grace, the Lord is with you. Blessed are you, among women, and blessed is the fruit of your womb, Jesus Holy Mary, Mother of God, pray for us sinners now, and at the hour of our death." So, you see the Rosary is nothing but a simple prayer the power comes from the Lord, and she is praying on your behalf. She is a mighty, mighty intercessor in Heaven.

So, then she said to me, we had talked for a couple of minutes, "You wanted me to come back to you. I am here." And what she meant by that is the book we had put out on September 11th, the very morning of the Twin Towers, that very morning at three in the morning I finished the book, and I woke up to the Twin Towers. The title is "A Hope In Winter Comes". And it is on Amazon, but it is also free if you write to me. We would be happy to send you any of our books are free if you write to us. She said," You wanted me to come back to you, and I am here." And I thanked her profusely because I really missed her sweet, sweet presence, and her counsel. And so now she is going to appear probably every night after dinner as we get together as a community and ask for her intercession through the Rosary.

She continued, "Your commitment and faith are what drew me in, knowing that you truly do believe in me and entrust your life into my hands. You have done well to accept this invitation beloved."

Thank you, Mother, I never honor you as I should.

"That's not true," she replied. "When you honor Him, you have honored me in the most perfect way. Clare, all I want is for you to acknowledge and

believe in Him. This is what qualifies you for this mission, or should I say for the many facets of this mission.

"Holding it together, holding it together with prayer, yes, this is most pleasing to me." And just when she said that someone was starting a decade of the Rosary, we each take a decade, he was, one of our brothers was beginning it and she looked at me and looked at him and she said, "He is precious". I said, Yes, I know. And then she continued, "Each one is precious in their own unique way. You have no idea how this will impact your community. The fruits are endless, that much I can tell you. Because you have responded in obedience you have done and will do much damage to the kingdom of hatred and darkness.

"What is coming is hard, but in the end, there will be victory, much will be done to finish or put the finishing touches on His Bride. Indeed, it is through fiery trials that gold is refined and made pure. This goes for souls just as much as it does for gold. The beauty is that if you cleave to me and to My Son, you will come out purified and teach this to others. I am to play a major role in these end times my dear one, and you are one of the pivotal leaders to bring my true mission forth to those uninformed. Go forth in confidence you all have been chosen for the purposes of Heaven to bring forth His will on earth." And then she very tenderly stoops down in the Spirit, she was standing in front of me, and she stooped down, and she raised my chin and she said, "I love you." Wow I need to ponder that to get the real depth and meaning out of it, but you could feel the love. You could just feel it.

And I told her, Wow I need to ponder that to get the real depth and meaning out of it, and she answered. "That will be done." I really do want to embrace her love and return it to her as well, she has done so much for me all these years, when I was an Evangelical and had so many doubts about her intercession because I was drawn to St. Francis of Assisi and the purity of his lifestyle. It seemed to be such a remedy for this worldly environment that we live in. I knew that he had a devotion to her so I knew that I would have to, at some point in time, confront all the bad feelings I had about the

Blessed Mother because so many people have lied about her and said terrible things that had nothing to do with reality.

She is not some kind of goddess jeepers creepers the reason she has a crown in Heaven is that we are all going to have a crown in Heaven. Some of us will have more crowns than others. Unfortunately, the dark side has their own queen of heaven which is really an evil demon masquerading as being something good very evil and you have to know the difference, you have to have discernment. Well, my loved ones thank you so much, thank you for being here on the channel. Pray for us, and we pray for you. Be strong, be strong and do not let anything deter you from holding on to the Lord and praying for our President. God bless you.

Impatience vs Kindness

May 23, 2021

The peace and blessing of the Holy Spirit's sweet presence be with you dear ones. Tomorrow is Pentecost.

Well today the Lord got my attention and gave me a reading on Pride. Guilty as charged, but because it could be one of so many things, I really had to seek Him on what it was exactly. I have been impatient and sometimes snappy, for the last few days as I was tackling spring cleaning. When I realized I had let Him down, I felt awful and so very sorry. But there could be more I am not aware of, in fact no doubt there is, I am a very imperfect vessel.

Lord, is there something You want to say?

Jesus began, *"I forgive you and I want you to pick up and go on.* I will tell you what guys, I did not feel like picking up and going on, I felt really bad. I think the devil takes advantage of those moments and just jumps on you really heavy with condemnation. So, when He said that, I felt a lot better. In fact, I got a card, I pulled a Rhema card, I mean I felt like I had really blown it and that He was not going to talk to me, so I went and got three Rhema cards because I felt Him prompting me to. The first one was "Lean on the One who loves you." And I thought "You still love me?" And "Do not permit this tempest to touch you Keep on going please". And I realized that a tempest had jumped in on this, like I said Something jumped in on top of it to make it worse than it was, although offending God is never a pleasant thing. It is always sad when you do that. So, *I forgive you and want you to pick up and go on. Do you see how devastating it is when you feel like you have really let someone down?* Because I was feeling that way. And He said, *This is how others feel too, Clare. Please be careful about your corrections. They are just as sensitive or even more sensitive than you are.*

And I was really smarting from this, what I had done to the Lord. So, I was really understanding "Wow, I make other people feel that way, that's not good. *How can that be? Look at their lives and what they have suffered through growing up. You do not know what suffering is compared to what some of them were forced to experience.*

"My people, I want you to be vessels of healing love and affirmation. When you have to correct someone, please do it with the utmost love and concern for their welfare. Very often people will make mistakes when they are under tremendous pressure at home or work. They are not always on it, meaning, their mind is still tied up in a conflict somewhere else and they cannot pay perfect attention to what they are doing in the present time.

"Now the enemy knows this, and he wants to get the biggest bang for his buck, that is, setting up a situation to cause pain and alienation. So, he waits until you are physically exhausted, have had another altercation with your spouse, or got bad news. While he is setting you up, he is setting up another person in your environment, causing them to become aggravated with you, even if you did not do anything wrong or should I say especially if you did not do anything wrong and the blame belongs to another. All of this is to create bad feelings and cause a division.

"So, I am advising you to be incredibly careful when you are feeling irritated and check to see what the cause is. I can almost guarantee you it is a demon setting you and another person up for an altercation, to stop the good work both of you are doing. Children, the enemy is sly and calculating. He rejoices in what is evil and hurtful, so he is forever trying to find ways to make each of you suffer and divide the community.

"One of his main tactics is to make you tired by working too much, avoiding prayer, getting compulsive and addictive about doing a job, and worst of all, setting deadlines that cause stress to everyone onboard, which in this case is the community.

"May I suggest that every time you feel rancor or have an accusation - even a little one like, "Oh why didn't he pick that up when he walked by it" - or

My personal favorite - "Why did they leave this tool outside on the ground?" And one you suffer from every day," why aren't they answering my radio call? Now I have to take someone off what they are doing and send them to find the person who doesn't have their radio with them". So, those are all things that irritate me.

"Clare, these tensions add up and grate against your peace of mind. They are tools of the enemy to frustrate and make you exhausted from irritations. So, what is the answer? First of all, I am speaking to all of you, consider the source. Anything that causes you to lose your peace is from a demon. Are you going to hearken to those demons every time they set you up?

Yes, You are right Lord, those things wear me down. I remember one time when I was paging someone over and over again and saying to myself, WHY WON'T THEY ANSWER????!! Until an exceedingly kind and observant sister said, "Mother, they are not here." Thank God for her kindness to answer me. I was really working up a lecture for the person who was ignoring me.

Jesus continued, "Do you want to know what pride looks like? There it is...a demon is sitting on your shoulder saying, "How disrespectful to ignore you! Are you going to put up with that or do something about it?" That starts your wheels turning and you begin to write a memo to circulate, which is anything but happy. You try to be civil, but your raging feelings cannot help but seep in. Yes Beloved, that is PRIDE.

"And how should you react? First of all, never accuse, that is from the demon whispering in your ear. It will accomplish two important goals, cause tension between you and the other as well as causing anger which will drain you of the energy you had to serve Me with. It also clouds your thinking and defiles your heart with rancor. Beloved ones, you must not fall for these common tricks of the enemy. Yes, life force can be stolen, divisions can be created, brotherly love can be destroyed and replaced with bitterness and covert hostility.

"So, Beloved ones, you have been taught and warned...when you feel that anger coming on rebuke it!!! It is a fiery dart from the enemy. Then, make an excuse for the one who has angered you, "maybe they are using the restroom" or "maybe they are away from their hermitage and out of range," or "Maybe for some reason they cannot hear you." You must pray over your radios and communication because the demons interfere electronically to cause these kinds of tensions. Yeah, and they build up. They build, and they build, and they build. It is like a button that gets started, you know, and it gets pushed every time I have problems getting a hold of someone. It tries to grab on to you.

"And if you want to stay healthy, don't ever hold bitterness or anger - if it tries to grab onto you rebuke it and make an excuse for the other person. In this way you will thwart your enemies and preserve the bond of brotherly love. My blessing and grace are upon all of you, Heart Dwellers, you will surely triumph over your carnal natures." And that was the end of His message.

Pray For Your Enemies

May 26, 2021

May the joy of the Lord be our strength dear Heartdwellers.

Yesterday was our second night as a community, to gather together at Mother Clare's to pray the Rosary as a group. As

we were offering up our prayer intentions and praying the Rosary, you could strongly feel the comforting presence of Our Blessed Mother. I got the sense that a suffering was coming and that everything was going to be all right and I clearly heard the words....."Pray it forward."

Mother Mary began, "I know child that you are concerned about the situation, but my Son is concerned about the condition of this soul and that of his family." And here Blessed Mother is referring to a situation that recently came up and now the enemy is trying to stir things up against us.

Blessed Mother continued, "Have peace, my daughter, and unite yourself to my Son's heart, and that is to love your enemies and pray for them. Do good to those who intentionally and unintentionally try to do you harm. Maintain a posture of prayer and listen for my instructions. Be courageous and do not fear what looks to be an obstacle, but turn your gaze to my Son and meditate on how He did not cease to pray to His Heavenly Father for His enemies, and in this way you all will be victorious.

"You have been praying in the Spirit, continue to do so even more now for this is pleasing to the Lord. Does it not say in Matthew 5:43-48, "You have heard that it was said, 'Love your neighbor and hate your enemy.' But I tell you, love your enemies and pray for those who persecute you, that you may be children of your Father in Heaven. He causes His sun to rise on the evil and the good, and send rain on the righteous and the unrighteous. If you

love those who love you, what reward will you get? Are not even the tax collectors doing that? And if you greet only your own people, what are you doing more than others? Do not even pagans do that? Be perfect, therefore, as your Heavenly Father is perfect."

Mother Mary continued, "Let go of any bitterness or resentment towards them, when you do this your prayers will be so much more effective. Keep your focus on my Son and ask for your heart to be transformed. You have often asked me to borrow my heart so that you would understand His heart. I will help you achieve this be patience dear one. I know it is not always easy to love and pray for those who hurt the ones we love. It was extremely difficult to continue praying for those who were persecuting and crucifying my beloved Son, I had to join my heart with His to truly understand His great love for them. Keep your heart pure and your prayer intentions true, I will guide all of you who put aside your own feelings and comfort to pray for another, especially those who hurt you." And that was the end of her message.

I remember in sales training that we were taught to show our enemies the genuine respect that everyone deserves and learn to think of them with compassion. Believe me this takes practice, and in cultivating compassion, it does help to visualize our enemies as the innocent children they once were and somehow remain. Meet your enemies in your imagination always at eye level. Make every effort to come to know and understand them better, their hopes, their fears, concerns and aspirations. Search for common goals and try to explore together ways of reaching these goals. Do not cling to your own convictions, examine them in light of your enemies' convictions with all the sincerity you can muster. Do not judge people, but look closely at the effect of their actions. Are they building up or endangering the common good? Take a sober look at your enemies' goals and evaluate them with fairness.

In order to counteract your enemies effectively on a given issue, pray for them, this totally disarms the demons. Wherever possible, show your

enemies kindness. Do them as much good as you can and do not be guided by human depositions, but by those of the Spirit.

Train yourselves in the way of God's peace. Your heart can be full of anguish and hurt, but can still overflow with love. Forgiveness, peace and love are key elements to overpowering enemies with the right attitude. Hatred and bitterness must die at the foot of the Cross. We must not approach the Cross with resentment in our hearts. Ask for the grace to love our enemies as our Lord Jesus and Mother Mary has shown us what pure love truly looks like.

God bless you dear Heartdwellers.
